

*T*ransitions. There are times in our lives where we experience change. We may not know the exact destination nor do we experience the sameness. There is a shift during times of this nature with faith and courage. We have rallied a move to Sheridan, Wyoming. We are downsizing, smaller place, smaller house, and fewer animals. With great honor to the EA Ranch for all that it has offered us in the last 21 years of service, and to all our customers, friends, and family, we thank you for your support and guidance.

*W*e extend good fortune to the new owners of the EA Ranch, Judy and Dick Agee, and pass our stewardship on to them. Hats off to Judy and Dick!

*P*lease stay connected to the EA Ranch website for the new goings on.
